

THE WOOD TABLE

Emery Writing Table

PRODUCT INFORMATION

Congratulations on welcoming your new piece of finely crafted furniture into your home. The apron is attached to the legs with mortise and tenon joinery allowing it to last for years to come. The top is attached to the base in a manner that allows it go through the slight changes in size which accompanies the varying levels of humidity throughout the year— without stressing the base joints. Your table is finished with three coats of a low VOC water based polyurethane. The use of coasters is recommended and wipe with a soft damp cloth or wood furniture polish to care for it throughout the years.
